

Rev A - proposed kitchen servery units shown in south aisle, and storage shown in north aisle.

Balustrade to ringing chamber and upper section of decorative screen above doors to be replaced with timber framed panelled screen with glazed inserts at upper level, in style to match proposed glazed screen to meeting room in north aisle.

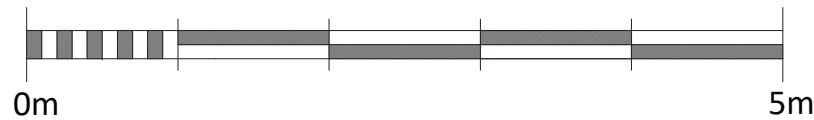

Lower section of screen to be replaced with new screen with wider door to allow access to proposed accessible WC at base of tower. Symmetry maintained with new fixed panelled section to right hand side, with central panel with obscured glazing to allow light in but maintain privacy.

Rev A - Proposed kitchen servery relocated to south aisle, and proposed timber cabinetry shown to house storage in north aisle

TOWER SCREEN PROPOSED - OPTION B
Existing screen replaced with new timber panelled screen to match style of new glazed screen in north aisle

Font to be relocated to south aisle and ramp with handrail shown at base of tower to provide step-free access to proposed WCs

Scale- 1:50
